## Short Bio

Dr. Krakovsky is an internationally renowned speaker and educator in the areas of cosmetic, plastic, and aesthetic surgery. He was named one of the 100 Best Cosmetic Surgeons of the Millennium in 2005 and one of the 100 Best Cosmetic Surgeons in the World in 2008. In both 2009 and 2010, he was awarded a certificate of recognition as one of America's Most Compassionate Doctors. In 2010, he also received the Patients' Choice Award and was selected as one of California's Favorite Physicians. In 2011, Dr. Krakovsky received the Leading Health Professionals in the World award. In 2012 he was elected to the Hall of Fame for Distinguished Accomplishments in Plastic Surgery. Later that same year, he was named Medical Education Man of the Year. In 2013 he awarded International President Award.

Dr. Krakovsky holds an Honorary Professorship from the South East Asia College of Cosmetic Surgery and an Honorary Membership in the French Society of Aesthetic Surgery. He presents his medical, scientific, and practical work worldwide. He has published over 120 medical articles and 8 books and book chapters. Dr. Krakovsky has served as a faculty member in over 60 medical meetings, as a consultant to numerous biomedical companies, and as a member of several speakers' bureaus.

Dr. Krakovsky's medical practice is focused on performing male and female aesthetic/plastic/cosmetic procedures and surgeries, and educating physicians around the world. Procedures in which he specializes include traditional and modern liposculpture techniques using LASER® and VASER® technology, surgical procedures for the overweight including traditional and modified abdominoplasty with and without liposuction, body contouring after major weight loss for men and women, breast augmentation for women and breast reduction for men (gynecomastia treatment), injectable cosmetic treatments such as sclerotherapy for varicose vein treatment, botulinum toxin (Botox®) for wrinkle treatment, fillers for face and body rejuvenation, male enhancement surgery, and female rejuvenation procedures that include, but are not limited to, the "mommy makeover" that allows a woman to regain a shapely body after multiple childbirths. Dr. Krakovsky holds several United States patents and trademarks for various medical devices and surgical techniques.

Since 2005, Dr. Krakovsky educates physicians around the world in Cosmetic, Plastic and Aesthetic Medicine and Surgery. His worldwide experience in teaching includes but not limited to Asia, Australia, Thailand, Middle East, Singapore, South America, Russia, Ukraine, Canada and United States. His teaching areas of expertise include but not limited to liposuction, non-surgical breast augmentation, Botox®, Fillers, phlebology and sclerotherapy, pain management in aesthetic medicine, anti-aging medicine, aesthetic surgery for every medical office, acne scar treatment, keloid scar treatment, medical face lifts, lipofilling for face and body rejuvenation, stem cells and PRP for facial rejuvenation.
